

Maximizing your storage capacity with your spare hard drives with the right enclosure ICY DOCK®

Anyone that is a computer enthusiast, builds computers or maintains computers probably has accumulated a large collection of old hard drives over the years. The problem with these old drives is just that the low capacity does not allow for much practical use in many applications. It is hard to use these smaller drives if you are saving a large amount of data on them across many hard drives and which can quickly become unorganized. In most cases, people simply leave their old drive alone because they do not have the proper tools to help them organize their drives.

Many of the Icy Dock products provide solutions which breathe new life into old hard drives and also make them more organized to give you more “free space”. With hot-swap enclosures, you can easily install the drive and do all the transfers in no time. Even if you can't fit all of your data on one drive, swapping drives in and out of our enclosures is easy to do.

Here are the solutions we would like to introduce to you:

External Solution:

For All-in-one type computers, laptop computers & Mac Pro users
Perfect for people who have closed form factor system and prefer quick and convenient solutions

Drive Fit:
2.5" & 3.5" HDD

Drive Interface:
IDE & SATA

Connection Interface:
SuperSpeed USB 3.0

MB981U3-1SA Click **HERE** to learn more

Drive Fit:
2.5" & 3.5" HDD

Drive Interface:
IDE & SATA

Connection Interface:
SuperSpeed USB 3.0

MB881U3-1SA Click **HERE** to learn more

Drive Fit:
2.5" & 3.5" HDD
 Drive Interface:
SATA I, II & III
 Connection Interface:
eSATA & USB 3.0
 Click **HERE** to learn more

MB981U3S-1S

Drive Fit:
2.5" & 3.5" HDD
 Drive Interface:
IDE & SATA
 Connection Interface:
SuperSpeed USB 3.0
 Click **HERE** to learn more

MB981U3N-1SA

Drive Fit:
3.5" SATA HDD
 Drive Interface:
SATA I, II & III
 Connection Interface:
eSATA & USB 3.0
 Click **HERE** to learn more

MB080U3S-1SB

Drive Fit:
3.5" SATA HDD
 Drive Interface:
SATA I, II & III
 Connection Interface:
FireWire 800, eSATA & USB 2.0
 Click **HERE** to learn more

MB080USEB-1SB

Drive Fit:
3.5" SATA HDD
 Drive Interface:
SATA I, II & III
 Connection Interface:
eSATA & USB 3.0
 Click **HERE** to learn more

MB559U3S-1S

Drive Fit:
4 x 3.5" SATA HDD
 Drive Interface:
SATA I, II & III
 Connection Interface:
eSATA & USB 2.0
 Click **HERE** to learn more

MB561US-4S-1

Drive Fit:
2 x 3.5" SATA HDD
 Drive Interface:
SATA I, II & III
 Connection Interface:
SuperSpeed USB 3.0
 RAID Mode:
RAID 0, 1, JBOD & BIG
 Click **HERE** to learn more

MB662U3-2S

Drive Fit:
2 x 3.5" SATA HDD
 Drive Interface:
SATA I, II & III
 Connection Interface:
FireWire 800, eSATA & USB 2.0
 RAID Mode:
RAID 0, 1, JBOD & BIG
 Click **HERE** to learn more

MB662USEB-2S-1

Internal Solution:

Hot-Swappable

Space Saving

Security

For Gaming PC, Desktop PC & Storage Server

Perfect for people who want to upgrade their system to run multiple drives without taking additional space

Drive Fit:

4 x 3.5" SATA HDD

Device Fit:

3 x 5.25" Bay

Host Interface:

SATA 6Gbps

Front Panel Ports:

2 x USB 3.0 Port

MB974SP-2B

Click [HERE](#) to learn more

Drive Fit:

3 x 3.5" SATA HDD

Device Fit:

2 x 5.25" Bay

Host Interface:

SATA 6Gbps

Front Panel Ports:

2 x USB 3.0 Port

MB973SP-2B

Click [HERE](#) to learn more

Drive Fit:

3 x 3.5" SATA HDD

Device Fit:

2 x 5.25" Bay

Host Interface:

SATA 6Gbps

MB973SP-1B

Click [HERE](#) to learn more

Drive Fit:

3.5" SATA HDD

Device Fit:

5.25" Bay

Host Interface:

SATA 6Gbps

MB971SP-B

Click [HERE](#) to learn more

Drive Fit:

3.5" SATA HDD

Device Fit:

5.25" Bay

Host Interface:

SATA 6Gbps

MB877SK-B

Drive Fit:

3.5" SATA HDD

Device Fit:

5.25" Bay

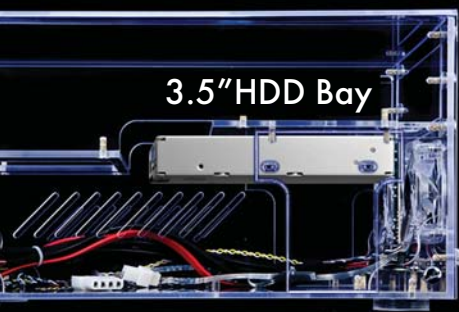

Host Interface:

SATA 6Gbps

MB671SK-BB

Click [HERE](#) to learn more

2.5" to 3.5" Solution:

For any system with 3.5" device bays
Perfect for people who have spare 2.5" hard drives

Drive Fit:

2.5" SATA HDD
(9.5mm HDD Thickness)

Host Interface:

SATA 6Gbps

MB882SP-1S-1B (PC) Click [HERE](#) to learn more

Drive Fit:

2 x 2.5" SATA HDD
(9.5mm HDD Thickness)

RAID Mode:

RAID 0, 1, BIG & PM

Host Interface:

SATA 3Gbps

External Interface:

SATA 3Gbps

MB982SPR-2S (PC & Mac) Click [HERE](#) to learn more

Drive Fit:

2.5" SATA HDD
(Up to 15mm HDD Thickness)

Host Interface:

SATA 6Gbps

MB982SP-1S (Mac) Click [HERE](#) to learn more

Drive Fit:

2 x 2.5" HDD
(9.5mm HDD Thickness)

Support Interface:

IDE & SATA

MB990SP-B Click [HERE](#) to learn more

Drive Fit:

2 x 2.5" HDD
(9.5mm HDD Thickness)

Support Interface:

IDE & SATA

MB082SP Click [HERE](#) to learn more

Bring back life in your spare hard drives is a great way to go green. Instead of throwing your spare drives into a landfill invest in an enclosure and organize your spare drives and obtain free space available from them. You will be surprised to find a great amount of free space from your old drives. This will come in great savings, in comparison to purchasing a completely new hard drive. Using your spare drives keeps electronic waste out of the environment and also helps you save money.
